Our fees for services are based on the number of hours required to complete our assignment and our current billing rates and are inclusive of any and all travel and expenses. Our time records are maintained on detailed computerized ledger sheets and are available for inspection. Our fee proposal represents a discount from our standard hourly rates as the estimated hours that we plan are more than our fee proposal indicates. See attached estimate for each year. However, we assure you that these hours will be devoted to the Town which we feel further demonstrates our commitment to governmental accounting and auditing.

Should any special work arise which requires additional time by our staff, such as additional work relating to state audits, adoption of new accounting standards, responses to outside inquiries, comfort letters to underwriters, special reports, etc., we will bill you separately based upon the amount of time expended at the regular hourly rates. Any additional special work would be performed only after your approval, and we would furnish you with an estimate of our fee before we proceed.

Should you have any questions or require any additional information regarding our proposal and fee, please do not hesitate to call.

Very truly yours
