VI. CERTIFICATIONS

B. Fee Structure

1. Application Fee—$1,000.00
   An application for IDA assistance must be accompanied by a non-refundable fee of $1,000 plus a $500 fee for the Town of Islip review of Environmental Assessment Form as required by the State Environmental Quality Review Act (SEQRA). (The $500 fee will be waived if the applicant’s project has already undergone a SEQRA review during a previous process, i.e. site plan, building permit, change of zone, etc.)

2. Agency Fee—.006
   Upon closing of any IDA project, the Agency will assess an administrative fee of one-half of a basis point (.006) against the size of the project. For IDB projects, the .006 will be measured against the final bond amount. For straight-lease transactions, the .006 will be measured against the projected total costs.

3. Agency Counsel—$250 per hour
   The Town of Islip Town Attorney’s Office acts as counsel to the Town of Islip IDA and must be reimbursed for time spent on IDA-related transactions. The Agency counsel bills all time spent on IDA matters at $250 per hour. For IDA closings up to $5 million, the Agency counsel bills a minimum of $3,500. For projects greater than $5 million, the Agency counsel bills a minimum of $5,000. For all other activities, i.e. terminations, simple consents and waivers, transfer of assets, etc., the Agency counsel will bill at the aforementioned $250 per hour.

4. Processing Fee—$500
   During the course of IDA ownership/involvement, the Agency may occasionally be required, by the company, to consent to a variety of items, i.e. pre-payment of bonds, second mortgages, additional secured financing, etc. The Agency will charge a $500 processing fee for each of these requests.

5. Assignments & Assumptions—$1,500
   Occasionally, the IDA is asked to transfer benefits that were assigned to the original company, i.e. PILOT or mortgage recording tax benefits, to a different company, typically upon a sale of the IDA property. The new company often wishes to continue IDA involvement with the property in order to retain the IDA incentives. The Agency will charge a $1,500 fee for each of these transactions.

6. PILOT Extensions/Modifications—.006
   Occasionally, the Agency is asked to extend or modify an existing Payment in Lieu of Taxes Agreement (PILOT). The .006 will be measured against the projected increase of the PILOT benefit
VI. CERTIFICATIONS

B. Fee Structure

7. Annual Administrative Fee—$1,000
   An Annual Administrative Fee of $1,000 will be charged to all projects to cover the cost of all the reporting and monitoring of the transaction. This fee is subject to periodic review and may be adjusted at the discretion of the Agency.

8. Bond/Transaction Counsel—fee negotiated separately
   While the Town of Islip IDA is represented locally by the Town of Islip Town Attorney’s Office, a separate Bond/Transaction Counsel is also necessary on any IDA project. Bond/Transaction counsels render “third party” opinions that the bond or straight lease transaction is authorized under all federal, state and local statutes. Bond/Transaction counsels also prepare all documents related to IDA transactions and coordinates all activities leading up to closing. The Town of Islip IDA has designed the firm of Nixon Peabody, LLP as its Bond/Transaction counsel and all fees are separately negotiated with them.

I have read and understand the aforementioned explanation of the fees associated with all the Town of Islip Industrial Agency Transaction.

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept “Have my responses been reasonable considering the scale and context of the proposed action?”

**Part 3 - Determination of significance.** The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
