1. Are other facilities or related companies located within the state?  Yes  No  
Address 1218 Flushing Ave. Brooklyn, NY 11237
2. If yes to above (C-1), will any of these facilities close or be subject to reduced activity?  Yes  No
3. If yes to above (C-2), please describe:

### D. Real Estate Search

1. Has the company actively sought sites in another state or outside the New York metropolitan area?  Yes  No
2. If yes to above (D-1), please list the states/regions considered:  
The company currently has its headquarters in Brooklyn, New York as well as offices in Miami, FL and Los Angeles, CA and there is consideration to expand in both of those locations, however management decided to consolidate warehousing in New York.

## II. PROJECT DATA

### F. Project Narrative

1. Describe the project in detail, emphasizing the following:
  - A. Specific operations of the company to be conducted at the project premises (product manufactured/warehoused, services rendered)
  - B. Proposed product lines and market demands
  - C. Need for the new facility
  - D. Square footage of the old facility
  - E. Square footage of the new facility
  - F. Type of building to be constructed
  - G. Major equipment to be purchased

The company imports and distributes wireless phone accessories such as cases, chargers and adaptors for all major brands of wireless handset manufacturers. It currently employs 36 employees and has operations in NY, FL and CA. Due to the exponential growth in the wireless handset industry, the company is currently experiencing a rapid increase in the demand for its products. In addition, the company is planning to expand its product lines and customer base, and expand its sales into retail e-commerce. The company's current facility in Brooklyn, NY which has about 20,000 sq. ft. of space will not be able accommodate the expected growth of its business. The Central Islip location currently with its 130,000 sq. ft. building, will facilitate the company's expansion and allow for long term growth. In order to make the new location serve these needs, the company will have to make substantial renovations to the building, such as renewal of the heating and cooling systems, construction of new office and R&D space, as well as purchase and installation of a racking system for the warehouse area and the purchase of new office furniture and computer equipment. +

2. For pollution controls, also describe:
  - A. Type of pollution to be abated
  - B. Method of abatement
  - C. Existing orders of environmental agencies

The company does not expect any environmental issue to address.

## VI. CERTIFICATIONS

### B. Fee Structure

#### 1. Application Fee—\$1,000.

An application for IDA assistance must be accompanied by a non-refundable fee of \$1,000 a \$500 fee for the Town of Islip review of an Environmental Assessment Form as required by the State Environmental Quality Review Act (SEQRA). (The \$500 fee will be waived if the applicant's project has already undergone a SEQRA review during a previous process, i.e. site plan, building permit, change of zone, etc.)

#### 2. Agency Fee—.006

Upon closing of any IDA project, the Agency will assess a fee of 6/10 of one per cent (60 basis points) against the size of the project. For IDB projects, the .006 will be measured against the final bond amount. For straight-lease transactions, the .006 will be measured against the projected total costs.

#### 3. Agency Counsel—\$250 per hour

The Town of Islip Town Attorney's Office acts as counsel to the Town of Islip IDA and must be reimbursed for time spent on IDA-related transactions. The Agency counsel bills all time spent on IDA matters at \$250 per hour. For IDA closings up to \$5 million, the Agency counsel bills a minimum of \$3,500. For projects greater than \$5 million, the Agency counsel bills a minimum of \$5,000. For all other activities, i.e. terminations, simple consents and waivers, transfer of assets, etc., the Agency counsel will bill at the aforementioned \$250 per hour.

#### 4. Processing Fee—\$500

During the course of IDA ownership/involvement, the Agency may occasionally be required, by the company, to consent to a variety of items, i.e. pre-payment of bonds, second mortgages, additional secured financing, etc. The Agency will charge a \$500 processing fee for each of these requests.

#### 5. Assignments & Assumptions—\$1,500

Occasionally, the IDA is asked to transfer benefits that were assigned to the original company, i.e. PILOT or mortgage recording tax benefits, to a different company, typically upon a sale of the IDA property. The new company often wishes to continue IDA involvement with the property in order to retain the IDA incentives. The Agency will charge a \$1,500 fee for each of these transactions.

#### 6. PILOT Extensions/Modifications- .006

Occasionally, the Agency is asked to extend or modify an existing Payment In Lieu of Taxes Agreement (PILOT). The .006 will be measured against the projected increase of the PILOT benefit.

**7. Annual Administrative Fee - \$1,000**

An Annual Administrative Fee of \$1,000 will be charged to all projects to cover the cost of all reporting and monitoring of the transaction. This fee is subject to periodic review and may be adjusted at the discretion of the Agency.

**8. Bond/Transaction Counsel—fee negotiated separately**

While the Town of Islip IDA is represented locally by the Town of Islip Town Attorney's Office, a separate Bond/Transaction Counsel is also necessary on any IDA project. Bond/Transaction counsels render "third party" opinions that the bond or straight lease transaction is authorized under all federal, state and local statutes. Bond/Transaction counsel also prepares all documents related to IDA transactions and coordinates all activities leading up to closing. The Town of Islip IDA has designated the firm of Nixon Peabody, LLP as its Bond/Transaction counsel and all fees are separately negotiated with them.

I have read and understand the aforementioned explanation of the fees associated with all Town of Islip Industrial Development Agency Transactions.

**Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2.** Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:	<input checked="" type="checkbox"/>	<input type="checkbox"/>
a. public / private water supplies?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input checked="" type="checkbox"/>	<input type="checkbox"/>

**Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3.** For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

No negative impact what so ever

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
