### INDEPENDENT AUDITORS' REPORT

To the Agency Board
Town of Islip Industrial Development Agency
Islip, New York

### **Report on Financial Statements**

We have audited the accompanying financial statements of the business-type activities of the Town of Islip Industrial Development Agency (the "Agency"), a component unit of the Town of Islip, New York, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit includes performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Agency's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinions.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Agency, as of December 31, 2015, and the respective changes in financial position, and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Agency taken as a whole. The accompanying schedule of bond, notes and leases is presented for purposes of additional analysis by the Authority Budget Office and is not a required part of the financial statements. The schedule of bond, notes and leases is the responsibility of management and has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 2, 2016, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

Hauppauge, New York June 2, 2016

### REQUIRED SUPPLEMENTARY INFORMATION Management's Discussion and Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended December 31, 2015

This section presents management's analysis of the Town of Islip Industrial Development Agency's (the "Agency"), a component unit of the Town of Islip, New York (the "Town") financial condition and activity for the year ended December 31, 2015. Please read this information in conjunction with the financial statements.

The Agency is a component unit of the Town of Islip and its personnel are employees of the Town. All salaries and fringe benefits for Agency personnel are paid by the Town. Additionally, office space is provided to the Agency by the Town. The Agency has reimbursed the Town the approximate cost for Agency salaries, fringe benefits, and rent.

### **OVERVIEW OF THE FINANCIAL STATEMENTS**

Management's Discussion and Analysis ("MD&A") serves as an introduction to the basic financial statements and supplementary information. The MD&A represents management's examination and analysis of the Agency's financial condition and performance. Summary financial statement data, key financial and operational indicators used in the Agency's strategic plan, operating plan, bond covenants, and other management tools were used for this analysis.

The financial statements report information about the Agency, which is an enterprise-type fund. The Agency applies full accrual accounting methods as used by similar business activities in the private sector. The statements offer short and long-term financial information.

The financial statements include the statement of net position, statement of revenues, expenses, and changes in net position, statement of cash flows, and notes to the financial statements. The statement of net position includes all of the Agency's assets and liabilities, and provides information about the nature and amount of investments.

The statement of revenues, expenses, and changes in net position presents the results of the Agency's activities over the course of the year and information as to how the net position changed during the year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. This statement also provides information about whether the Agency has successfully recovered its costs through its user fees and other charges, profitability and credit worthiness.

The statement of cash flows presents changes in cash and cash equivalents resulting from operating, investing and financing activities.

The notes to the financial statements provide required disclosures and other information that is essential to a full understanding of material data provided in the statements. The notes present information about the Agency's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies, and subsequent events, if any.

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended December 31, 2015

### FINANCIAL ANALYSIS OF THE AGENCY

One of the most important objectives of the financial analysis is to determine if the Agency, as a whole, is better or worse off as a result of the year's activities. The statement of net position and the statement of revenues, expenses, and changes in net position provide useful information in this regard. The statements report the net position of the Agency and changes in these net positions. The amount of net position, the difference between total assets and liabilities, is a significant measure of the financial health or financial position of the Agency. Over time, increases or decreases in the Agency's net position is one indicator of whether its financial health is improving or deteriorating. However, other non-financial factors, such as changes in economic conditions, population growth, zoning, and new government legislation or changes to existing government legislation should be considered in evaluating the financial condition of the Agency.

The following comparative condensed financial statements and other selected information serve as the financial data and indicators for management's monitoring and planning.

### **Net Position**

A summary of the Agency's condensed statements of net position at December 31<sup>st</sup> is presented as follows:

|                                  | _ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ \ | 2015            |    | 2014      |

| Assets                           |                                         |                 |    |           |
| Current and other assets         |                                         | \$<br>3,735,421 | \$ | 2,810,398 |
| Capital assets                   |                                         | <br>21,877      |    | -0-       |
|                                  | Total Assets                            | 3,757,298       |    | 2,810,398 |
| Liabilities                      |                                         |                 |    |           |
| Current and other liabilities    |                                         | 584,329         | -  | 13,947    |
|                                  | Total Liabilities                       | <br>584,329     |    | 13,947    |
| Net Position                     |                                         |                 |    |           |
| Net investment in capital assets | S                                       | 21,877          |    | -0-       |
| Unrestricted                     |                                         | 3,151,092       |    | 2,796,451 |
|                                  | Total Net Position                      | \$<br>3,172,969 | \$ | 2,796,451 |

Total assets as of December 31, 2015 were \$3,757,298, which exceeded total liabilities by \$3,172,969 (i.e. net position.) Of the Agency's net position, \$21,877 was net investment in capital assets, and \$3,151,092 was unrestricted, which is available to support operations. Total assets increased by \$946,900 between December 31, 2015 and 2014. Total liabilities increased \$570,382 primarily due to an increase in amount due to the Town. The net position increased by \$376,518 for the current year.

MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ended December 31, 2015

### FINANCIAL ANALYSIS OF THE AGENCY (continued)

### Operating Results

The Agency's condensed statements of revenues, expenses and changes in net position at December 31<sup>st</sup> are presented as follows:

|                                   | <br>2015        | 0: | 2014      |
|-----------------------------------|-----------------|----|-----------|
| Operating Revenues                |                 |    |           |
| Charges for services              | \$<br>847,446   | \$ | 450,038   |
| Other operating revenues          | 4,050           |    | 2,500     |
| Total Operating Revenues          | 851,496         | Y  | 452,538   |
| Operating Expenses                |                 |    |           |
| Contractual goods and services    | 481,283         |    | 345,112   |
| Depreciation                      | 1,151           |    | 5,639     |
| Total Operating Expenses          | 482,434         |    | 350,751   |
| Operating Income                  | 369,062         |    | 101,787   |
| Non-Operating Revenue             | 7,456           |    | 5,210     |
| Change in Net Position            | 376,518         |    | 106,997   |
| Net Position at Beginning of Year | <br>2,796,451   |    | 2,689,454 |
| Net Position at End of Year       | \$<br>3,172,969 | \$ | 2,796,451 |

The Agency's revenues increased \$398,958 from \$452,538 in 2014 to \$851,496 in 2015. The increase is due to an increase in Agency projects compared to the prior year. The Agency's expenses increased \$131,683 from \$350,751 in 2014 to \$482,434 in 2015. The increase in expense is mainly due to increased advertising and promotion during 2015.

### ECONOMIC FACTORS AND NEXT YEAR'S PLAN

The overall mission of the Agency is to promote, attract and encourage well planned economic growth in the Town. The Agency focuses its attention and resources on "wealth generation" companies. The Agency provides a variety of tax incentives to the above three categories to further the public policy objectives of raising the industrial tax base, stabilizing property taxes, and increasing employment opportunities for Town residents.

The Agency has a very aggressive marketing strategy that concentrates on business retention and expansion within the Town of Islip. A secondary focus is placed on attracting new businesses from outside the Town of Islip. The marketing activities include site visits to strategic industries, radio and television ads, print ads, brochures and direct mailing, and extensive networking with business professionals. This comprehensive marketing plan is designed to brand Islip Town as a good place to do business, and to inform the business public of the various economic incentives, including the Agency, that are available to them.

MANAGEMENT'S DISCUSSION AND ANALYSIS
Year Ended December 31, 2015

### **ECONOMIC FACTORS AND NEXT YEAR'S PLAN** (continued)

The Agency plans to continue and expand its assistance to the businesses located in the Town of Islip through:

- Federally tax-exempt and taxable revenue bonds
- Local property tax abatement and exemptions
- Sales tax exemptions for construction materials and equipment
- Mortgage recording tax exemptions

### CONTACTING THE AGENCY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our readers with a general overview of the Agency's finances and to show the Agency's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Town of Islip Industrial Development Agency at 40 Nassau Avenue, Islip, NY 11751.

NOTES TO FINANCIAL STATEMENTS December 31, 2015

### A. Summary of Significant Accounting Policies

The Town of Islip Industrial Development Agency (the "Agency"), was created as a New York State public benefit corporation. The Agency was established in 1974 pursuant to Code Section 898-b of the New York State General Municipal Law. The Agency Board is the legislative body responsible for overall operations. The Agency Board consists of the Board members of the Town of Islip (the "Town"). The Agency Board appoints the Executive Director of the Agency who is the Chief Executive Officer. The Agency's personnel are employees of the Town. All salaries and related benefits are the responsibility of the Town. The Agency is a quasi-governmental, tax-exempt agency that was created to promote, develop, encourage and assist in acquiring, developing and equipping various business facilities, thereby advancing the job opportunities, general prosperity and economic welfare of the people of the Town of Islip, New York. It raises funds to accomplish this purpose by issuing negotiable bonds and notes. The Agency provides companies with the following incentives:

- Federally tax-exempt and taxable revenue bonds
- Local property tax abatement and exemptions
- Sales tax exemptions for construction materials and equipment
- Mortgage recording tax exemptions

The financial statements of the Agency have been prepared in conformity with generally accepted accounting principles in the United States, as prescribed by the Governmental Accounting Standards Board ("GASB"). GASB is the primary standard-setting body for establishing governmental accounting and financial reporting principles.

The Agency's more significant accounting policies are described below.

### 1. Financial Reporting

The financial reporting entity includes all functions and activities over which the elected officials of the Town of Islip exercise responsibility. No other governmental organization has been included or excluded from the reporting entity. Accordingly, the Agency has been determined to be a component unit of the Town of Islip.

### 2. Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The Agency uses the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, deferred outflows of resources, liabilities, and deferred inflows of resources resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015

### A. Summary of Significant Accounting Policies (continued)

### 2. Measurement Focus/Basis of Accounting (continued)

The financial statements include the statement of net position, statement of revenues, expenses, and changes in net position, and statement of cash flows.

### 3. Cash and Cash Equivalents

For purposes of reporting the statement of cash flows, cash equivalents are defined as short-term highly liquid investments. The statement of cash flows presented uses the direct method.

### 4. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more and an estimated useful life in excess of one year, are accounted for as capital assets. All capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except donated capital assets, which are recorded at their estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided over the assets' estimated useful lives using the straight-line method of depreciation.

The range of estimated useful lives by type of asset is as follows:

Machinery and equipment 3-10 years Software 3 years

### 5. Due To Other Governments

Amounts due to other governments are for services provided to the Agency by other municipalities and PILOT payments received prior to year end payable to other governments.

### 6. Net Position Classification

In the financial statements, equity is classified as net position and displayed in three components:

a. Net investment in capital assets — Consists of capital assets including restricted capital assets, net of accumulated depreciation, and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015

### A. Summary of Significant Accounting Policies (continued)

### 6. Net Position Classification (continued)

- b. Restricted net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Generally, a liability relates to restricted assets if the asset results from a resource flow that also results in the recognition of a liability or if the liability will be liquidated with the restricted assets reported. Net position should be reported as restricted when constraints placed on net position use are either (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the restricted component of net position.

When both restricted and unrestricted resources are available for use, it is the Agency's policy to use restricted resources first, then unrestricted resources as needed.

### 7. Revenue Recognition

The Agency's primary source of operating revenue is from bond issuance and lease fees, which are computed as a percentage of the total project. Fees are recorded as income when earned at the time of closing on the sale of bonds and straight lease agreements.

### 8. Advertising

The Agency follows the policy of charging the costs of advertising to expense as incurred. Advertising expense for the year ended December 31, 2015 was approximately \$151,000.

### 9. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### 10. New Pronouncements

The Agency has adopted all of the current statements of the GASB that are applicable, including GASB Statement No. 68 and GASB Statement No. 70. The implementation of these GASB's had no impact on the financial statements.

### 11. Subsequent Events

Management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015

### B. Cash and Cash Equivalents

Cash and cash equivalents consist of funds deposited in demand accounts and certificates of deposit with maturities of less than three months.

The Agency's investments are governed by a formal investment policy. The Agency's monies must be deposited in FDIC-insured commercial banks or trust companies located within New York State.

The Agency is authorized to use certificates of deposit and money market deposit accounts. Permissible investments include certificates of deposits, obligations of the United States, obligations of the State of New York, repurchase agreements, and obligations of agencies of the federal government where principal and interest are guaranteed by the United States.

Collateral is required for demand deposits and time deposits accounts at 100% of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral include obligations of the United States and its agencies and obligations of the State and its municipalities and school districts. The Agency's collateral agreements are based on the Agency's available balance.

<u>Custodial Credit Risk – Deposits / Investments</u> – Custodial credit risk for deposits exists when, in the event of the failure of a depository financial institution, a government may be unable to recover deposits or recover collateral securities that are in possession of an outside agency. Custodial credit risk for investments exists when, in the event of the failure of the counterparty, a government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party.

Deposits are required to be disclosed as exposed to custodial credit risk if they are not covered by depository insurance, and the deposits are either:

- Uncollateralized,
- Collateralized with securities held by the pledging financial institution, or
- Collateralized with securities held by the pledging financial institution's trust department or agent, but not in the Agency's name.

At December 31, 2015, the Agency's cash and cash equivalents have been combined with other funds in the Town's consolidated cash account, which was insured by the Federal Depository Insurance Corporation or collateralized by securities held in the pledging bank's trust department in the Town's name.

NOTES TO FINANCIAL STATEMENTS December 31, 2015

### C. Capital Assets

Capital asset activity for the year ended December 31, 2015 is as follows:

|                                  | Balance<br>01/01/15 | Additions | Dele | etions | Balance<br>12/31/15 |

| Depreciable assets:              |                     |           |      |        |                     |
| Machinery and equipment          | \$ 6,678            | \$ 23,028 |      |        | \$29,706            |
| Software                         | 15,000              |           |      |        | 15,000              |
| Total depreciable capital assets | 21,678              | \$23,028  | \$   | -0-    | 44,706              |
|                                  |                     |           |      |        |                     |
| Accumulated depreciation:        |                     |           |      |        |                     |
| Machinery and equipment          | 6,678               | \$ 1,151  |      |        | 7,829               |
| Software                         | 15,000              |           |      |        | 15,000              |
| Total accumulated depreciation   | \$21,678            | \$ 1,151  | \$   | -0-    | 22,829              |
| Total net depreciable assets     |                     |           |      |        | \$21,877            |

Depreciation expense totaled \$1,151 for the year ending December 31, 2015.

The Agency evaluates capital assets for prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. The Agency's policy is to record an impairment loss in the period when the Agency determines that the carrying amount of the asset will not be recoverable. At December 31, 2015, the Agency has not recorded any such impairment losses.

### D. Revenues

### Agency Fee Structure

The Agency collects one-time administration fees from the issuance of taxable bonds, tax exempt bonds and straight-lease transactions as follows:

- Taxable and Tax-Exempt Bond Issues Six-tenths of one percent (.6%) of the final bond amount.
- Straight-Lease Transactions Six-tenths of one percent (.6%) of the projected total costs.

The Agency collects other fees as follows:

- Application Fee An application for Agency assistance must be accompanied by a non-refundable fee of \$1,000 plus a \$500 fee for Town of Islip review of Environmental Assessment Form as required by the State Environmental Quality Review Act (SEQRA).
- Processing Fee During the course of Agency ownership/involvement, the Agency may
  occasionally be required, by the company, to consent to a variety of items, i.e. prepayment of bonds, second mortgages, additional secured financing, etc. The Agency will
  charge a \$500 processing fee for each of these requests.

NOTES TO FINANCIAL STATEMENTS
December 31, 2015

### **D. Revenues** (continued)

### Agency Fee Structure (continued)

- Assignments & Assumptions Occasionally, the Agency is asked to transfer benefits that
  were assigned to the original company, i.e. PILOT or mortgage recording tax benefits, to
  a different company typically upon a sale of the Agency property. The new company
  often wishes to continue Agency involvement with the property in order to retain Agency
  incentives. The Agency will charge a \$1,500 fee for each of these transactions.
- PILOT Extensions/Modifications Occasionally, the Agency is asked to extend or modify an existing Payment in Lieu of Taxes Agreement (PILOT). A .6% fee will be measured against the projected increase of the PILOT benefit.
- Annual Administrative Fee An Annual Administrative Fee of \$1,000 will be charged to all projects to cover the cost of all reporting and monitoring of the transactions.
- Agency and Bond/Transaction Counseling Fees The Agency counsel bills all time spent related to the Agency matters at \$250 per hour. Bond/Transaction counseling fee is negotiated separately.

### E. Payments in Lieu of Taxes

The Agency receives payments in lieu of taxes (PILOT) from the borrowing companies. The Agency follows the Suffolk County Tax Act for collection of PILOT payments. PILOT payments are due in two equal installments; the first half is payable on December 1<sup>st</sup> preceding the year for which the same is levied and the second half is payable May 10<sup>th</sup>, with the first half payable without penalty to January 10<sup>th</sup> and the second half payable without penalty to May 31<sup>st</sup>. Penalties and interest are charged on late payments.

Receipts of PILOT payments are deposited into the general operating bank account and subsequently are disbursed to the appropriate taxing jurisdictions. PILOT payments are not considered revenues of the Agency.

### F. Conduit Debt Obligations, Industrial Revenue Bonds and Note Transactions

The Agency has at times, issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the Agency, the Town, nor any political subdivision thereof, is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2015, there were two series of Revenue Bonds and Notes outstanding, with an aggregate principal amount payable of \$16,775,000.

NOTES TO FINANCIAL STATEMENTS December 31, 2015

### G. Lease Commitments

The Agency assists private-sector companies (the "companies") with the acquisition of industrial and commercial facilities deemed to be in the public interest. Upon closing on the properties, the Agency takes title as a nominal owner (which allows the Agency to pass through tax and other incentives) and the companies take title as beneficial owners. The Agency then leases the properties to the companies for a negligible amount, if any. The lease terms usually expire in conjunction with the payments in lieu of taxes of the companies. The leasing transactions are not recorded in the accompanying financial statements of the Agency.

As of December 31, 2015, there were 103 leases outstanding, at \$1 or less each per year.

### H. Litigation

The Agency is subject to litigation in the ordinary conduct of its affairs. Management does not believe, however, that such litigation, individually or in the aggregate, is likely to have a material adverse effect on the financial condition of the Agency.

### I. Related Party Transactions

The Agency is a component unit of the Town of Islip and its personnel are employees of the Town. All salaries and fringe benefits for Agency personnel are paid by the Town. Additionally, the Agency rents the office space from the Town. The approximate total value of salary and fringe benefits attributable to Town employees as a percentage of time spent on Agency activities was \$232,278 and the estimated fair market rental value of office space provided to the Agency by the Town was \$11,465 for the year ended December 31, 2015. The Agency reimbursed the Town a total of \$243,743 in 2015. The total value of \$243,743 is reported as administrative expenses on the financial statements.

### J. New Pronouncements

The Governmental Accounting Standards Board ("GASB") has issued Statement No. 72 "Fair Value Measurement and Application". This Statement addresses accounting and financial reporting issues related to fair value measurements. This Statement provides guidance for determining a fair value measurement for financial reporting purposes. This Statement also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements. The Agency is required to implement this authoritative guidance for the year ended December 31, 2016.

GASB has issued Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68". The objective of this Statement is to improve the usefulness of information about pensions included in the general purpose external financial reports of state and local governments for making decisions and assessing accountability. The requirements of the new statement become effective for the Agency for the year ended December 31, 2016.

GASB has issued Statement No. 74 "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits

or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This Statement replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*. The requirements of the new statement become effective for the Agency for the year ended December 31, 2017.

GASB has issued Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This Statement replaces the requirements of Statements No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended, and No. 57, OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans, for OPEB. The requirements of the new statement become effective for the Agency for the year ended December 31, 2017.

GASB has issued Statement No. 76 "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments". The objective of this Statement is to identify—in the context of the current governmental financial reporting environment—the hierarchy of GAAP. The "GAAP hierarchy" consists of the sources of accounting principles used to prepare financial statements of state and local governmental entities in conformity with GAAP and the framework for selecting those principles. This Statement reduces the GAAP hierarchy to two categories of authoritative GAAP and addresses the use of authoritative and nonauthoritative literature in the event that the accounting treatment for a transaction or other event is not specified within a source of authoritative GAAP. This Statement supersedes Statement No. 55, The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments. The requirements of the new statement become effective for the Agency for the year ended December 31, 2016.

GASB has issued Statement No. 77 "Tax Abatement Disclosures". The objective of this Statement is to provide additional disclosures in financial statements prepared by state and local governments in conformity with GAAP, and provide citizens and taxpayers, legislative and oversight bodies, municipal bond analysts, and others with information they need to evaluate the financial health of governments, make decisions, and assess accountability. The requirements of the new statement become effective for the Agency for the year ended December 31, 2016.

GASB has issued Statement No. 78 "Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans". The objective of this Statement is to address a practice issue regarding the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pensions. The requirements of the new statement become effective for the Agency for the year ended December 31, 2016.

NOTES TO FINANCIAL STATEMENTS December 31, 2015

### J. New Pronouncements (continued)

GASB has issued Statement No. 79 "Certain External Investment Pools and Pool Participants". This Statement addresses accounting and financial reporting for certain external investment pools and pool participants. Specifically, it establishes criteria for an external investment pool to qualify for making the election to measure all of its investments at amortized cost for financial reporting purposes. The requirements of the new statement become effective for the Agency for the year ended December 31, 2016.

The Agency is currently evaluating the impact of the above pronouncements.

There was no other method of financial assistance utilized by these projects, other than the tax exemptions.

OTHER REPORTS

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED UPON THE AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Agency Board Town of Islip Industrial Development Agency Islip, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statement of the business-type activities of the Town of Islip Industrial Development Agency (the "Agency"), a component unit of the Town of Islip, New York, as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our report thereon dated June 2, 2016.

### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of the audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Hauppauge, New York June 2, 2016

### INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH AGENCY INVESTMENT POLICY

To the Agency Board Town of Islip Industrial Development Agency Islip, New York

### Report

We have examined the Town of Islip Industrial Development Agency's (the "Agency"), a component unit of the Town of Islip, New York, compliance with the Agency's investment policy during the period January 1, 2015 through December 31, 2015.

### Management's Responsibility

Management is responsible for the Agency's compliance with their investment policy.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Agency's compliance based on our examination. Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Agency's compliance with specified requirements.

### **Opinion**

In our opinion, the Agency complied, in all material respects, with the aforementioned requirements during the period January 1, 2015 through December 31, 2015.

### Other Matters

This report is intended solely for the information and use of the Board, audit committee, management of the Agency, Authority Budget Office, and the New York State Comptroller's Office and is not intended to be and should not be used by anyone other than these specified parties.

Hauppauge, New York June 2, 2016
